

Is this true? In a few weeks, cell phone numbers are being released to telemarketing companies and you will start to receive sale calls. You will be charged for these calls. Call this number from your cell phone 888-382-1222. It is the national DO NOT CALL list. It only takes a minute of your time. It blocks your number for 5 years. Common sense tells me this isn't right. How could government pass such a law. Here's an idea, if consumers want sales calls, have a place where they can sign up.
